

# Planning and investing in more resilient energy systems

Part 1 of a series on Energy Resilience in Pacific Island Countries and Territories

#### Anna Bruce, Iain MacGill, Atul Raturi, Manu Rawali

Collaboration on Energy and Environmental Markets (UNSW Sydney), University of the South Pacific, University of Papua New Guinea

### Scope of the workshop

- Electricity industry planning: generation -> distribution -> end-use
- On-grid and off-grid
- Interactions between technology, communities, broader institutions and resilience

### **Key Vulnerabilities and Challenges for Energy Resilience in PICTs**

- Challenging conditions climate & weather, remoteness
- Dependence on imported fuels
- Small scale, lack of capacity
- High VRE penetrations increasing complexity for planning
- Planning across grid and off-grid
- Donor driven project-based delivery

What are we aiming to achieve today?

Share work we have been doing

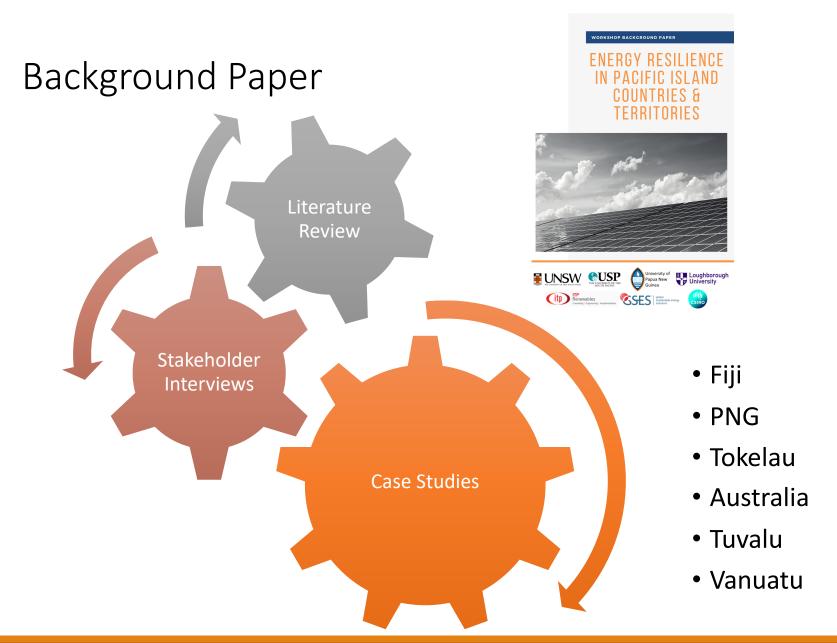

Propose a framing for the challenges

Insights and guidance from panelists and participant

Discuss how to take the work forward

# Who is in the 'room'?

### Agenda

Case studies 20 minutes

- Fiji, Atul Raturi, USP
- Australia, Iain MacGill, UNSW Sydney
- Tokelau, Anna Bruce, UNSW Sydney
- PNG, Manu Rawali, University of PNG

Framing the Challenge 15 minutes

Panel Discussion 45 minutes

- Apisake Soakai, Independent Consultant
- Akuila Tawake, Geoscience, Energy and Maritime (GEM) Division of SPC
- Manu Rawali, University of PNG and UNSW Sydney
- Atul Raturi, University of the South Pacific
- Julia McDonald, ITP Renewables Australia

Panel Q&A 20 minutes

Conclusions 10 minutes

### Case Studies

Iain MacGill, Collaboration on Energy & Environmental Markets, UNSW Sydney

## Framing the Challenge

Apisake Soakai, Independent Consultant
Akuila Tawake, Geoscience, Energy and Maritime (GEM) Division of SPC
Julia McDonald, ITP Renewables Australia
Manu Rawali, University of PNG and UNSW Sydney
Atul Raturi, University of the South Pacific

Apisake Soakai Akuila Tawake Julia McDonald Manu Rawali Atul Raturi

Panel Q&A

This workshop series is supported by the Australian Renewable Energy Agency's International Engagement Program, the Australian Research Council (ARC) and the Royal Academy of Engineering's Research Fellowship scheme.

# Thank you everyone
